Note:
La Bandini consiglia l'installazione di rubinetti filtro ispezionabili sulle due mandate per trattenere eventuali corpi estranei che potrebbero danneggiare gli organi di tenuta.

Note:
Bandini advises installation of filters that can be inspected on both delivery circuits so as to trap foreign bodies that might damage seals/gaskets etc.

Empfehlung:
Bandini empfiehlt den Einbau von Eckventilen mit Filter, als Schutzmaß die Dichtungen und Kartusche beschädigen könnten gegen Fremdkörpern

Notas:
Bandini aconseja la instalación de grifos filtro inspeccionables de las dos descargas para retener eventuales cuerpos extraños que podrían dañar los elementos de estanqueidad.

Remarque:
Bandini recommande l'installation de robinets disposant de filtres démontables sur les deux sorties afin de retenir d'éventuels corps étrangers qui pourraient nuire à l'étanchéité.
